

RDP - 5.2 Measures - Priority 1 & 4 - Why can't I add measures under Priority 1 and Priority 4 in a Rural Development Programme (EAFRD)?

It's not possible to add Measures under Priority 1 and Priority 4 in section 5.2 of the Programme.

In Rural Development Programmes (EAFRD) Measures are selected by Focus Area except on Priority 1 and Priority 4! The selection of these Measures is done **at the level of the Priority** and not at the level of the Focus Area.

Measures are selected by Focus Area except:

- *For Priority 1, which is a Cross-Cutting Priority, the measures (M1; M2; M16) are automatically selected from the other Priorities.*
- *For Priority 4, there is a distinction between Measures for agricultural land and Measures for forestry land. Also, the selection of these measures is done at the level of the Priority and not at the level of the Focus Area (select P4: Restoring, preserving and enhancing ecosystems related to agriculture and forestry in the left panel).*

5 DESCRIPTION OF STRATEGY

5.2 Choice, combination and justification of rural development measures for each focus area

P1: Fostering knowledge transfer and innovation in agriculture, forestry and rural areas

1A) Fostering innovation, cooperation, and the development of the knowledge base in rural areas

Measures

M01 - Knowledge transfer and information actions (art 14)
M16 - Co-operation (art 35)

Combination and justification of RD measures

Begrundelse for valg af foranstaltninger

Der er generelt behov for støtte til at sikre, at der er adgang til information og formidling af viden om, hvordan nye processer og teknologier kan anvendes i primære sektorer. Det kan medvirke til at sikre dansk landbrugs, gartneris og skovbrugs konkurrencedygtighed under produktionsforholdene samt klimapåvirkning samt dyrevelfærd.
