

# RDP - 5.2 Measures - Priority 1 & 4 - Why can't I add measures under Priority 1 and Priority 4 in a Rural Development Programme (EAFRD)?

It's not possible to add Measures under Priority 1 and Priority 4 in section 5.2 of the Programme.

In Rural Development Programmes (EAFRD) Measures are selected by Focus Area except on Priority 1 and Priority 4! The selection of these Measures is done **at the level of the Priority** and not at the level of the Focus Area.

*Measures are selected by Focus Area except:*

- **For Priority 1**, which is a Cross-Cutting Priority, the measures (M1; M2; M16) are automatically selected from the other Priorities.
- **For Priority 4**, there is a distinction between Measures for agricultural land and Measures for forestry land. Also, the selection of these measures is done at the level of the Priority and not at the level of the Focus Area (select P4: Restoring, preserving and enhancing ecosystems related to agriculture and forestry in the left panel).

The screenshot displays the 'SHARED FUND MANAGEMENT COMMON SYSTEM' interface for the 'Period 2014-2020 (SFC2014)'. The navigation menu includes 'Strategic planning', 'Programming', 'Monitoring', 'Execution', 'Audit', 'Evaluation', 'Closure', 'Anti-fraud', and 'Utilities'. The search bar shows '2014DK06RDNP001 - 1.0'. The left sidebar shows a tree view of the strategy description, with 'P1: Fostering knowledge transfer and innovation in agriculture, forestry and rural areas' and 'P4: Restoring, preserving and enhancing ecosystems related to agriculture and forestry' highlighted with red boxes. The main content area shows the '5.2 Choice, combination and justification of rural development measures for each focus area' section. Under 'Measures', 'M01 - Knowledge transfer and information actions (art 14)' and 'M16 - Co-operation (art 35)' are listed. The 'Combination and justification of RD measures' section has a 'Max 1750 characters' limit. The 'Begrundelse for valg af foranstaltninger' section contains text about the need for support to ensure access to information and dissemination of knowledge.
