

Documents - I have added a document but the Commission cannot see it, what can I do?

If a Commission user cannot see the other documents you uploaded, this is because these are type 'Other Member State Document' and are sent independently (as you can see below there is no 'sent date') of the Object (PA, OP, RDP IR etc.).

The following steps should be taken for **each document** in order for them to be sent to the EC:

Select the document to be sent (1) and click on the edit button (2):

The screenshot shows a web application interface with a search bar at the top containing '2014'. On the left is a navigation menu with 'Documents' selected. The main area displays a table of documents under the heading 'GENERAL Documents annexed to this partnership agreement'. A table with columns 'TITLE', 'DOCUMENT TYPE', 'DOCUMENT DATE', and 'LOCAL REFERENCE' lists several documents. The document 'ANNEX 2 FIGURES_SFC2014' is highlighted in blue, and a red box around it is labeled with a circled '1'. A red circle with a circled '2' highlights the edit button (a document icon) in the top-left corner of the table.
