General - Why can't I see a link to Delete an Object (OP, Payment, etc.)?

- The Object has been **sent to the Commission** already which means you cannot delete it anymore.

- The Object has not been sent to the Commission yet but it contains a **document of type 'Other MS document'** which has already been **sent** to the Commission. In this case you cannot delete the Object anymore.

An Object can only be deleted if:

> **1) its status is 'Open', 'Validated', 'Ready to send' or 'Returned for modification by MS';**
>
> **and**
>
> **2) it has never been sent to the Commission before;**
>
> **and**
>
> **3) it has no sent documents attached.**
