

Event Registration - Notifications - I have registered to receive Event notifications but I don't receive notification emails, why?

Please check your registration in SFC2014!

If the email address is displayed in red in the Event Registration menu it means that the registration (changes) still needs to be activated. As long as the registration is not activated, the registration or the changes you have made to your current registration are not applied and you will not receive the email notifications as registered for.

The screenshot shows the 'SHARED FUND MANAGEMENT COMMON SYSTEM' interface for the 'Period 2014-2020 (SFC2014)'. The breadcrumb trail is 'European Commission > SFC > SFC2014-FO > Utilities > Event registration'. The main navigation bar includes 'Strategic planning', 'Programming', 'Monitoring', 'Execution', 'Audit', 'Evaluation', 'Closure', 'Anti-fraud', and 'Utilities'. On the left, a 'Filter' box is present, and a dropdown menu for 'Event notifications' is expanded, showing the email address 'sfc2014.notification@hotmail.com' in red. Below this, there are options to 'Subscribe for' and 'Filter by CCI', and a section for 'Event propagations'. The main content area is titled 'EVENT NOTIFICATIONS' and contains the text 'Email addresses registered for event notifications'. Below this, there are three icons: a green plus sign, a blue envelope icon, and a red minus sign. A table with the header 'EMAIL' lists the address 'sfc2014.notification@hotmail.com'. A note at the bottom states: 'Note: When registering an email address for event notifications, first subscribe for event type in red. Attention: Users should only subscribe themselves and, if necessary, functional mail'.

You can find more information on how to activate the registration in the quick guide on the portal site: <https://ec.europa.eu/sfc/en/2014/support-ms/EVTREG> .
