

IR - How do I complete the Financial Instruments section?

The Financial Instruments (FI) section is now available within Section 8 of the Implementation Report (IGJ), Section 7 of the Implementation Report (ETC) and Section 10 of the Implementation Report (EMFF). For step-by-step instructions on completing this section you can refer to the relevant Implementation Report quick guide.

The FI section **is mandatory** for those Programmes which have started setting-up financial instruments. If no financial instruments are foreseen or the set-up has not started yet, the section does not need to be filled out.
