IR - Tables 8, 9 & 10 - I have no data to enter for my ESF/YEI Implementation Report and it's causing errors, what should I do?

When you have no data to enter in the Implementation report (IR), for <u>ESF</u> and <u>YEI</u> you have to enter at least **0** (in line with Article 5 of the ESF Regulation). For the other Implementation Reports for other funds you can leave them blank if you have no data to report.
