General - The Object is 'Returned', so why is the 'Current Node' displayed as 'European Commission'?

When an object is returned by the Commission in SFC2014 it will display as 'Current node' -> 'European Commission'. This is because the version that has been returned is no longer editable by the Member state and they must create a new version of the object in order to edit the information.

CCI	VERSION	TITLE	STATUS	STATUS DATE	PREVIOUS NODE	CURRENT NODE	LAST MODIFIED	DECISION
2014IT16M2OP002	2.0	POR Puglia FESR FSE	Returned for modification by EC	03-Feb-2017	European Commission	European Commission	03-Feb-2017	
2014IT16M2OP002	1.2	POR Puglia FESR FSE	Adopted by EC	02-Sep-2015	European Commission	European Commission	27-Jan-2017	C(2015)5854 - 13/08/2015
2014IT16M2OP002	1.1	POR Puglia FESR FSE	Returned for modification by EC	27-Jul-2015	European	European	27-Jul-2015
