PR - Roles Required - What role do I need to create, update & send the Progress Report?

To create and update the PRR PA you must have **MS Authority** with **Update access (MSAU) for ERDF+CF+ESF+EMFF+EAFRD+YEI.**

To send it, it is a must to have the role **MS Authority** with **Send access (MSAS) ERDF+CF+ESF+EMFF+EAFRD+YEI.**

If you want just to consult it, then it is ok to have the roles of MS Managing Authority or MS Audit Authority.
