CCI - What does the CCI code stand for?

The format used for the CCI codes is **YEAR CC DG FF TP SEQ** eg: 2014BE16RFOP001

YEAR

Numerical code identifying the Start Year of the Programme/Object.

In almost all cases 2014.

CC

Character code identifying the Country or Geographical Region.

All Country iso-2 codes + TC for Territorial Cooperation, EU for European Union and EC for European Commission.

Remark: Currently UK is used instead of the iso-2 code GB.

DG

Numerical code identifying the leading DG (chef de file).

05=EMPL, 06=AGRI, 14=MARE, 16=REGIO, 65=HOME, ??=ELARG

FF

Character code identifying the Fund(s) covered by the Programme/Object.

Code	Description
MF	EMFF
RD	EAFRD
AM	AMF
IS	ISF
SF	ESF
RF	ERDF
CF	CF
M1	ERDF+CF
M2	ESF+ERDF
M3	ERDF+CF+ESF
M4	ERDF+IPA(e)
M5	ERDF+ENI
M6	ERDF+IPA(e)+ENI
M7	IPA + ENI
M8	ERDF+CF+ESF+EMFF+EAFRD (for Partnership Agreement)
M9	ESF+YEI
M0	ERDF+ESF+YEI
MA	ERDF+CF+ESF+YEI
FM	FEAD (Material Assistance)
FS	FEAD (Social Inclusion)
YE	YEI (Dedicated outside Partnership Agreement)
EG	EGF
I4	IPA policy area (d) Agriculture and rural development
I5	IPA policy area (e) Regional and territorial cooperation
	The following Funds are not yet covered by SFC2014:
I1	IPA policy area (a) The transition process towards Union membership and capacity building
I2	IPA policy area (b) Regional development
I3	IPA policy area (c) Employment, social policies and human resources development
SO	Solidarity Fund

TP

Character code identifying the Type of Object.

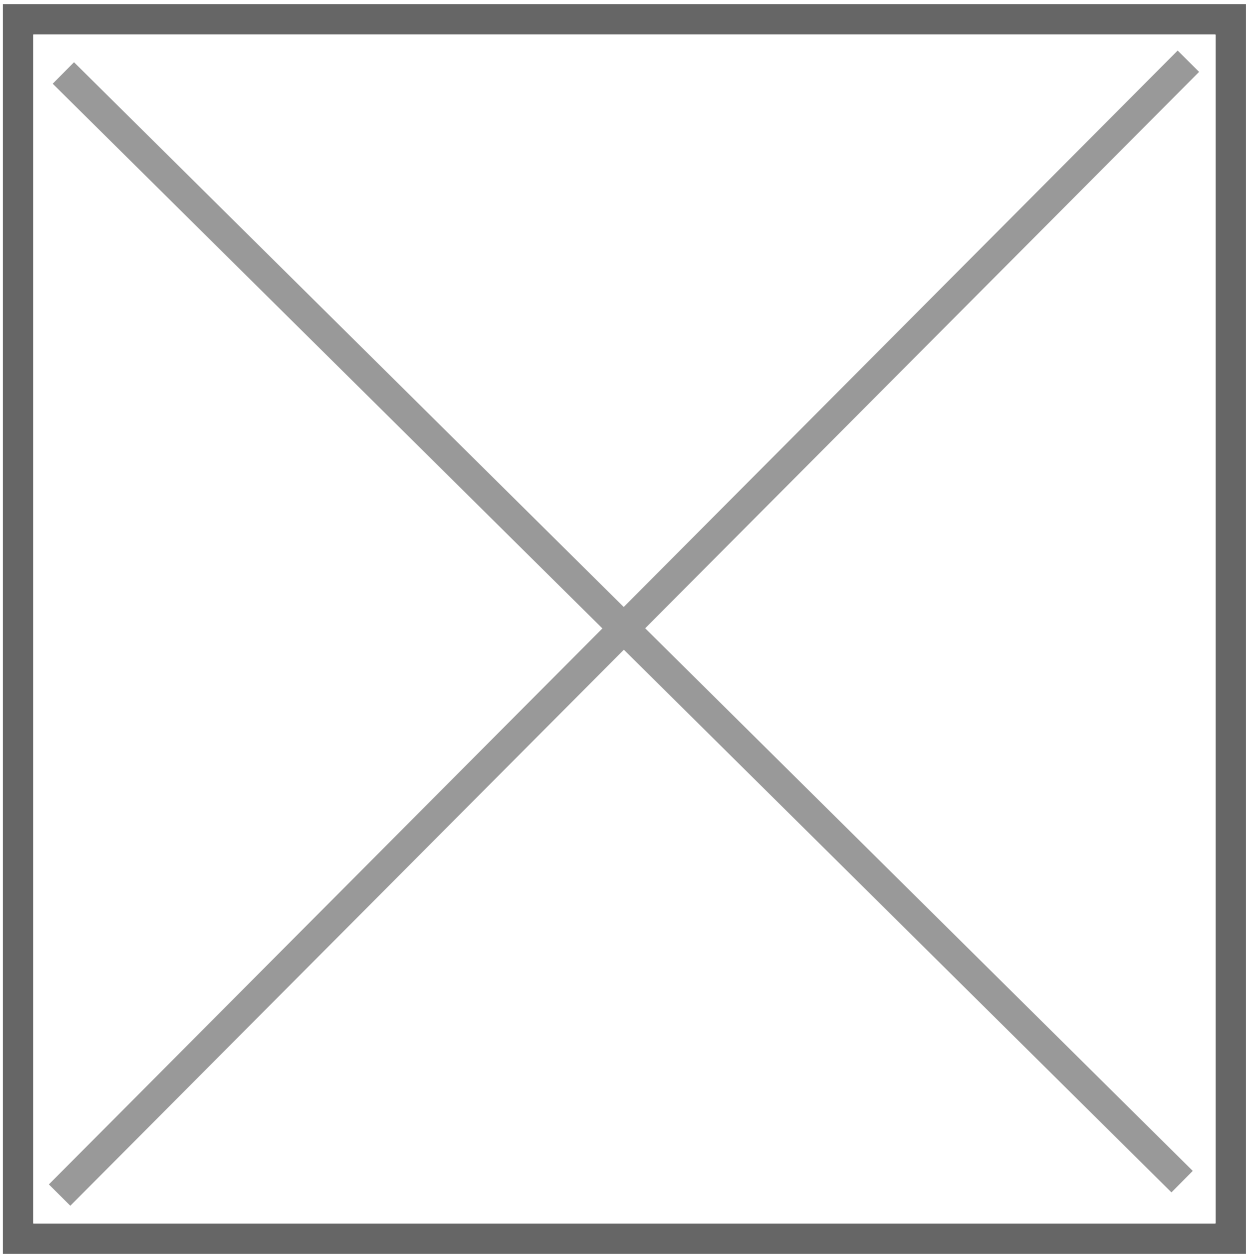

Code	Description
PA	Partnership Agreement
OP	Operational Programme (ERDF, CF, ESF, EMFF, YEI, IPA, FEAD)
CB	Cross-Border Programme (ETC)
TN	Transnational Programme (ETC)
IR	Interregional Cooperation Programme (ETC)
PC	PEACE Programme(s) (ETC)
RP	Regional Programme (EAFRD)
NP	National Programme (AMF, ISF, EAFRD)
SM	SME Programme (ERDF, EAFRD)
TA	Technical Assistance Programme
RN	National Rural Network Programme (EAFRD)
MP	Major Project
NF	National Framework (EAFRD)
JA	Joint Action Plan
IA	Innovative Action at the initiative of the EC

SEQ

Numerical sequence code making the CCI code unique.

Allowed combinations

The following combinations are allowed. All other combinations will not be allowed by the CCI Request functionality. It will help the SFC2014 users to request and allocate the correct combinations.

Other combinations will be added when other Funds and Object Types will be covered by the SFC2014 applications.
