

## [AIR - Financial data tables - How can I generate the Financial data tables?](#)

Normally when creating the EAFRD AIR the system will automatically attach a Financial Annex, but for 2018 AIR (to be submitted in 2019) created before the 24.04.2019 the Annex was not automatically attached. You can attach the Financial Annex manually via section 1a:

The screenshot shows a web application interface. On the left, there is a navigation menu with a 'Filter' input field at the top. The menu is expanded to show '1. Key information on implementation of the programme and its priorities', with 'a) Financial Data' highlighted in blue. An orange arrow points to this item. On the right, the content area displays the title '1. KEY INFORMATION ON IMPLEMENTATION OF THE PROGRAMME AND ITS PRIORITIES' and the sub-section 'a) Financial Data'. Below this, there is a text instruction: 'Add the financial report as an annex by clicking [here](#)'. The word 'here' is highlighted in yellow. A second line of text below reads: 'The financial report is automatically generated based on data provided in the AIR'.
