

## Deletion & re-upload of XML files

If you have already uploaded the Annual Declaration XML and the Difference Explanation XML files and you delete or re-upload only the Annual Declaration XML file (or only the Difference Explanation XML file), then the data of the related Difference Explanation XML file (Annual Declaration XML file) will also be deleted in the system (even if the XML file is still shown on screen).

So, you always have to re-upload both XML files!

To know, you can verify in the Annual Declaration section the XML files used to populate the table. They're displayed above the table:

The screenshot shows the SFC2021 web application interface. At the top, there is a blue header with a hamburger menu icon, a red 'TEST' banner, and the text 'SFC2021'. Below the header, there is a navigation bar with 'Accounts List' and a breadcrumb trail showing a folder icon, a document icon, and the text '- EAGF EAFRD - 2023.1' with a close button. The main content area is divided into two panels. The left panel, titled 'Table of Contents', has a search bar with the placeholder 'Type to filter TOC' and a tree view. The tree view is expanded to 'General', which includes 'Version Information', 'Officials in charge', 'History', 'Documents' (highlighted with a blue circle and a refresh icon), and 'Observations'. Below this are 'Annual Accounts' and 'Management Declaration(s)'. The right panel, titled 'GENERAL', has a section 'Documents' with an information icon. Below it is a section 'DOCUMENTS ANNEXED TO THIS' followed by a table. The table has two columns: 'Title' and 'Document Type Id'. It contains two rows: one with 'ANN decl EAFRD and EAGF' and 'Annual De in XML', and another with 'diffx' and 'Difference Explanatio'.
