

General - How do I search for information in SFC2021?

To search for information in SFC2021 you have two options:

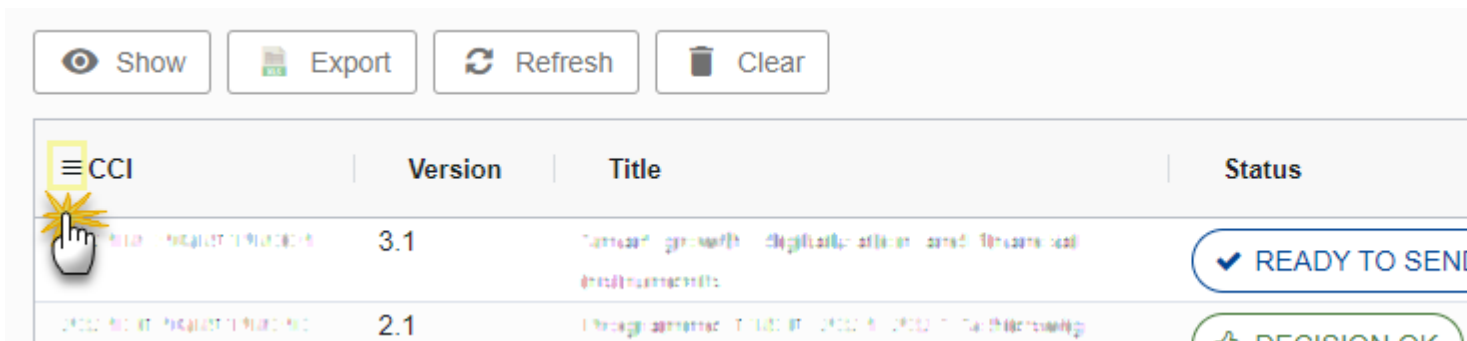

1. General search by CCI:

Click on the search icon in the top-right of the SFC2021 screen:

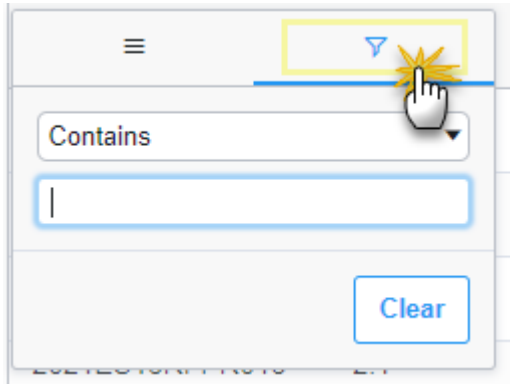

2. Search for a specific object version:

Go to the menu for the object you wish to search for. Hover over the column headers and click on the icon with three lines on any of the columns:

Then click on the filter icon and enter the filter/search criteria:

Take a look at our Tips & Tricks video:
