General - The Object is 'Returned', so why is the Current Node 'European Commission'?

When an object is returned by the Commission in SFC2021 it will display as 'Current node' -> 'European Commission'. This is because the version that has been returned is no longer editable by the Member state and they must create a new version of the object in order to edit the information.

CCI	Version	Title	Status	Status date	Previous node	Current node	Last modified
2021FR16FFPR008	2.1	Programme Martinique ERDF-ESF+ 2021-2027	SENT	05/02/2024	Région Martinique	European Commission	30/05/2024
2021LV16FFPR001	2.0	European Union Cohesion Policy programme 2021-	RETURNED TO MS WITH OFFICIAL OBSERVATIONS LETTER	15/02/2024	European Commission	European Commission	30/05/2024
2021FR16FFPR014	2.1	Programme Grand Est and massif des Vosges ERDF-	ADOPTED BY EC	18/01/2024	European Commission	European Commission	30/05/2024
