

Declaration - I have generated the snapshot report but I'm not able to see the breakdown of amounts by item, why?

For the Declaration of Expenditure EAFRD, when you generate the snapshot report from the 3 dots button, you only see the part of the declaration related to your node.

You should get the snapshot which is generated by the system when the declaration is submitted to EC, available from the 'General > Document' section.

If you are not able to see it, you should ask someone from your national node.
