DoE EAFRD 2026Q2 onwards – updated instructions for the submission of the "Recoveries from previous programming period 2014-2022" in XML for 2026Q2 onwards

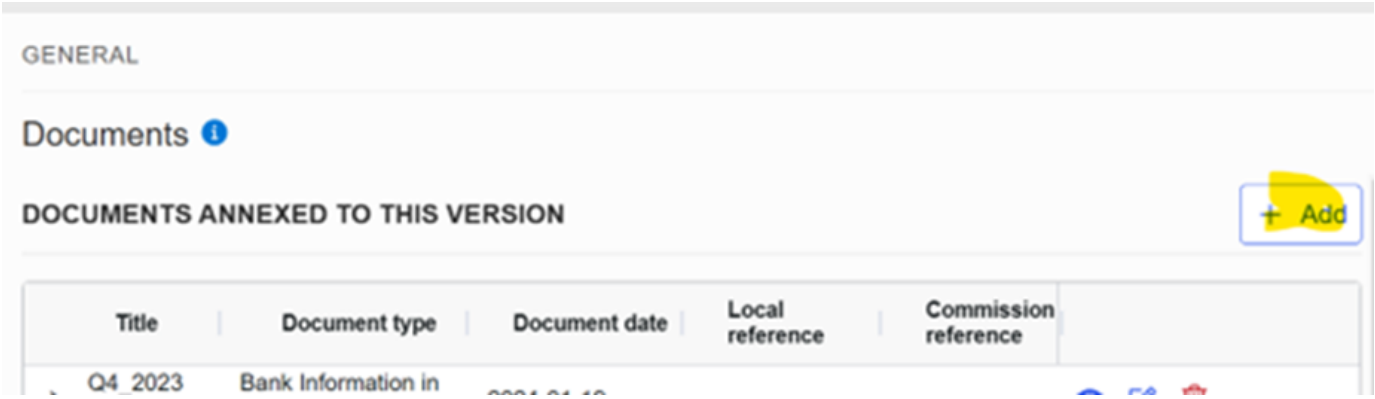

Follow the below instructions in order to send your "Recoveries from previous programming period 2014-2022" **in XML** to the Commission for 2026Q2 onwards:

1. Please go in SFC2021 and open your latest EAFRD quarterly declaration of expenditure: https://webgate.ec.europa.eu/sfc2021/sfc-fo/execution/doe-eafrd/list

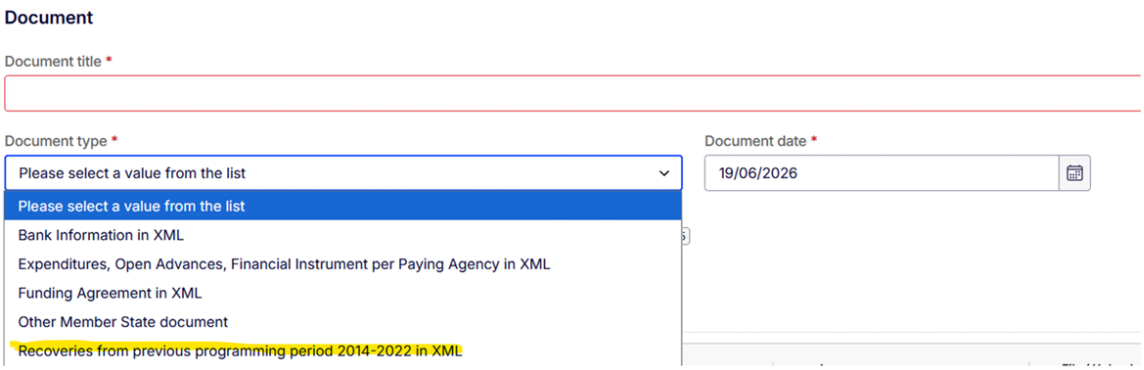

2. Go the "General>Documents" section of this declaration:

3. Click on "Add" (new document) button:

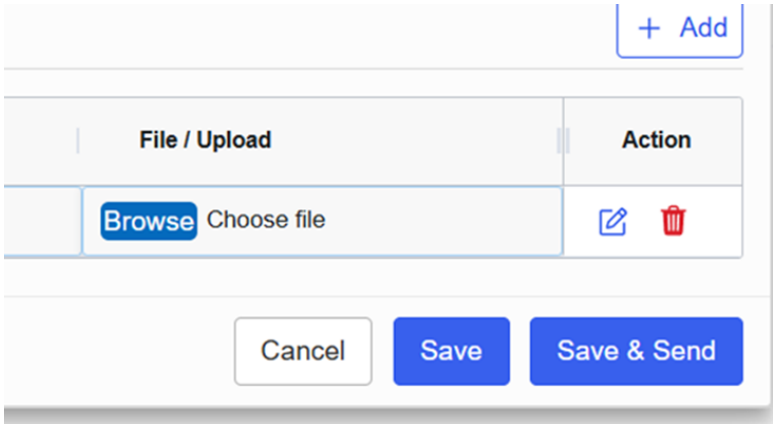

4. Fill the ‘Document title’ and in the “Document type” select box, please select “Recoveries from previous programming period in XML”.

5. Continue to fill the form and attach/upload your recoveries file. Important: for Declaration **2026Q2 onwards**, please attach/upload your recoveries **as an XML file** (as you are doing for the other information of your declaration), find some XML files examples (to be adapted) **here**.

6. Once the form completely filled and the recoveries file attached/uploaded, please don’t forget to click on “Save & Send” button if you want to immediately send it to the Commission (or just click on “Save” button, if you prefer to send it a little bit later. in this case don’t forget to comeback on this form and click on “Save & Send” button).

Important 1 : For declaration 2026Q2 onwards , “Recoveries from previous programming period 2014-2022” data will be sent together with the other expenditure data when the declaration will be sent to EC. Recoveries data cannot be sent before or after the submission of the declaration to EC (unless a correction is required, and in this case the declaration will need to be first returned by EC).

Important 2 : One recoveries XML file is required for each Paying Agency of the Declaration. In case you don’t have recoveries to report for this quarter, please send an XML with one line with ‘0’ amounts, find some XML files example (to be adapted) **here**.
