### CHANGES

- **New validation rule for Interim Payment Application**  
The validation rule 2.33 specifies the checks to be applied for the Interim Payment Application certificate and request date. Check the contents of this rule in the quick guide available in the [help page](#) of sfc2007.
- **Modification to validation rule 2.25 of Operational Programme**  
The validation rule 2.25 includes now the Technical assistance (TA) priorities in the calculation of total contribution rate.
- **Annual Implementation Report header shows indicator set version and OP version**

The screenshot shows the user interface of the SFC2007 system. At the top, it displays the user's profile and the system version (4.2.29). The main header identifies the system as 'System for Fund management in the European Community 2007-2013'. Below this, there is a navigation menu with options like 'Strategic Planning', 'Programming', 'Monitoring', etc. The main content area is titled 'Version' and contains the following details:
