20.06.2023 – SFC2021 - New release 2.21.0

New Functionalities

Evaluation Plan

EVA PLN (9772) - 'Evaluation plan - Article 140(4)(5) of CAP Strategic Plan Regulation (EU) 2021/2115 ' document type created for AGRI under the 'Evaluation' menu.

Changes

Programme AIB

PRG AIB (9669) - Allow to select STS as Modality in BMVI Thematic Facilities.

CAP Strategic Plan (EAGF/EAFRD)

AGRI CSP (6843) - Generate budget codes for 2024 + following years when having no amendment.

AGRI CSP (5790) - Financial year added in the validation messages.

AGRI CSP (8268) - Amendment section in comparison report of chapter 1-4 added.

AGRI CSP (9538) - additional information regarding instrument(s)/beneficiaries in section 'State aid' 5.3.8 added.

AGRI CSP (9721) - bug in generating the report: Draft annex Decision.

AGRI CSP (9672) - 2 new document types created: 'Reply to notification Article 119(9)' and 'Notification Article 120'.

AGRI CSP (8939) - I18n labels in chapter 4 modified.

Visibility, Transparency & Communication

DOC VTC (9915) – The document types 'Web address of the programme' and 'Nomination of the communication officer' refer to a CCI. The list of CCIs will be restricted to certain object subtypes.

Transmission of data (IJG, ETC)

TOD IJG ETC (9365) - In table 6 for common indicators with gender breakdown, the target gender breakdown is optional.

TOD IJG (9366) - In table 10 for common indicators with gender breakdown, the target gender breakdown is optional.

TOD IJG (9629) - In table 2 for ESF+ foresee a multi-select on the ESF+ Secondary Theme.

TOD IJG (8232) - Tables 5 and 9 for JTF should also automatically include relevant ESF+ common indicators.

TOD IJG (9495) - In TOD table 2 for ESF+ records the user must be able to select up to 10 distinct ESF+ Secondary themes.

Transmission of data

TOD (6199) - All TOD tables in TOD module with edition inline should use the following sticky columns which will stick to the left of the table: *T1: 1, 2, 3, 4 / *T5: 1, 2, 3, 4, 5 / *T6: 1, 2, 3, 4, 5 / *T7: 1, 2 / *T9: 1, 2, 3, 4, 5 / *T10: 1, 2, 3, 4, 5 / *T11: 1, 2 . For tables 2, 3, 4 and 12 with edition via form page we only use sticky column for the actions column (Edit, Delete) and will stick to the right of the table.

TOD (6470) - An early warning notification job will run on 10, 5 and 1 days before the submission deadline. A late warning notification job will run on 1, 5 and 10 days after the submission deadline. It

will select all adopted Programmes for which no Transmission of Data version for the submission period has been sent to the Commission.

Monitoring Committee

MON COM (9655) - Monitoring committee Member State documents - Article 124(3) and (4) of Regulation (EU) 2021/2115 is now referring to a CCI not a Programme.

MON COM (9653) - 'Monitoring committee Commission documents – Article 124 of Regulation (EU) 2021/2115' created.

Declaration of Expenditure (EAGF)

DOE EAGF (9692) - When a budget code is removed during the year, cumulative 0 amounts should be removed from the declaration.

General

CCI SCH (9254) - The CCI search value should remain even after navigating to a result.

Defects Fixed

Programme IJG

PRG IJG (9832) - Error message text was corrected from 'The fund CF is now allowed for the programme country' to 'The fund CF is not allowed for the programme country'.

Programme AIB

PRG AIB (9687) - PRG AIB - Appendix 3 - Date format should be dd/MM/yyyy. Also space needed to separate comments from thematic facility detail sections.

CAP Strategic Plan (EAGF/EAFRD)

AGRI CSP (9494) - PUA Tables were cut in the PDF report for DE. This is fixed.

AGRI CSP (9682) - In the report, header row of Sectoral (F&V; Hops) PUA is not correctly displayed.

AGRI CSP (9931) – Margins of the fields in the "Amendment" module were too narrow in the pdf report. This is fixed.

TJTP

TJTP (9493) - In compact mode the layout was not aligned correctly. This is fixed.

TJTP (9488) – The navigation buttons were not working correctly. This is fixed.

TJTP (9490) - On the version info page the CCI and Decision contents were not hyperlinked. This is fixed.

Commission Decision

COM DEC (7536) – (EC users only) There was an issue with the Maximum character limit displayed and what the system allowed. This is fixed.

Transmission of data

TOD (9358) - Import from excel - Values validation – Improvement of error messages for record level validations.

TOD (9574) - import from excel error for zip file fixed.

TOD (9630) - import from excel - A validation error will appear when the user tries to upload an excel file without records.

TOD (9759) - Table 5 - On save, an error was triggered saying that read only fields (modificationDate) cannot be changed. This is fixed.

TOD (9379) - The achievement values should be updated with achievement data from the previous submitted Transmission of Data version.

TOD (9663) – Table 1 inline validations on save removed.

TOD IJG (9834) - Table 9 Problem saving qualitative specific indicators values is fixed.

TOD ETC (9886) – Print - reference to Article 42 has been changed to Article 32 and Interreg is added at the end.

National Audit Report

NAR (9546) – (EC Users Only) - security error appeared for users trying to access a NAR not yet having any linked programmes. This is fixed.

NAR (6653) - Text with extra space due to copy/paste triggers SFC_GEN_024 error. This is fixed.

Event Registration

EVT REG (9578) - users with access only to AGRI funds could not add CCI filters. This is fixed.

EVT REG (9580) – The Table of Content was sometimes not loading correctly. This is fixed.

Reports

REP (9156) - The notification created when a report was generated was sent to a list of subscribers who were wrongly assigned to the event type. This is fixed.

REP (9646) - Notifications - Event 'Report generated' mails are received when not expected. This is fixed.

CCI REQ (9933) - Tabs remain open when moving to other toc items

General (Documents)

GEN DOC (9575) – The blue border of the send button was not fully displayed in documents section. This is fixed

GEN DOC (7292) - Download attachments - Translation type attachment was getting corrupted when user was downloading. This is fixed.

GEN DOC (9577) - General documents section - The icon for translations appeared double and with a different size than the other document format icons in the table. This is fixed.

STD DOC (9486) - Crtl + C wasn't working in the attachment table to copy the name of the file. This is fixed.

General

GEN SFC (9572) – The success message for workflow actions was wrong. This is fixed.

CCI SCH (9556) – CCI Search - Looking for an IJG CCI, the result contained Agri objects. This is fixed.

CCI SCH (9545) - CCI Search – Should now consider the full CCI of the Fund and not only the country.
