### New Functionality

*N/A*

### Changes

#### *Programme (IJG)*

PRG IJG (10645) - Decisional annexes I and II layout changes.

#### *CAP Strategic Plan*

AGRI CSP (10464) - Adapted section 5.3.8 and related rule PRG\_CSP\_592 - State AID.

AGRI CSP (10444) – Hints added for Amendments/Corrections.

AGRI CSP (10515) – English translations updated.

AGRI CSP (10877) - allow Paying Agencies and Coord Bodies to have access to CAP plan in Read-only.

#### *Visibility, Transparency & communication*

STD VTC (10913) - The Member State document type 'Communication event or activity for operations of strategic importance, operations exceeding EUR 10 000 000 and Interreg operations exceeding EUR 5 000 000' is now available for AMIF, ISF and BMVI Member State users to upload.

#### *General*

GEN SFC (8717) – Harmonisation of layout and styling of the tables used inside forms.

GEN SFC (9188) – Migration of User Interface from version 14 to 15. Users may see changes in general look, feel and display.

## Defects Fixed

### *CAP Strategic Plan*

AGRI CSP (10349) - During the creation of an Intervention the output code was not displayed anymore in the select box. This is fixed.

AGRI CSP (10935) - Source language selected during the creation or in version information was not displayed. This is fixed.

AGRI CSP (9985) - from time to time, the content of some tables (2.3.2; 5.3.13, 6.1) was not displayed. This is fixed.

AGRI CSP (11005) - Sections 4.1.2.4.3 - 4.1.2.4.4 - 4.2.2.2 did not save data. This is fixed.

AGRI CSP (11008) - 4.2.3 for both Yes/No answers, the justification should now be editable.

AGRI CSP (10817) - Error while comparing 2 CSP versions for FR is fixed.

### *General*

SFC GEN (10824) - A Member State user having permissions on one fund is able to view an object containing that fund plus others, but then when trying to generate the full report, a 500 error was triggered. This is fixed.
