General .....	3

### New Functionality

*N/A*

### Changes

#### *Programme IJG*

PRG IJG (10645) - Decisional annexes I and II layout changes.

#### *Programme ETC*

PRG ETC (11096) - Decisional annexes I and II layout changes.

#### *CAP Strategic Plan (EAGF/EAFRD)*

AGRI CSP (10560) - In Draft Annex Decision a reference is added to Annex V and a template table.

## ***Transmission of Data***

TOD (11011) - Improve error messages from TOD Batch operations as it was not clear on which record the error occurred. The error message should now contain the record details causing the error.

TOD (10885) - Programme version number should be hyperlinked and open in a new tab.

TOD (11012) - Add batch operations to other tables where we have the excel import (T3 and T4).

## ***Documents***

STD DOC (10986) - Linking ccis with a title longer than 256 was generating an error. This is fixed.

STD DOC (10928) – No longer allow to change the document type of a reply document after initial save.

## **Defects Fixed**

### ***Programme IJG***

PRG IJG (10995) - Report - There was a footnote appearing in the table of content. This is fixed.

### ***CAP Strategic Plan (EAGF/EAFRD)***

AGRI CSP (11039) - Sections 4.1.2.4.5 were not saving data. This is fixed.

AGRI CSP (11005) - Sections 4.1.2.4.3 - 4.1.2.4.4- 4.2.2.2 did not save data. This is fixed.

AGRI CSP (11074) - Updating a PUA name was sending the budget code with null to be saved. This results in creating a new budget code => same description with 2 new budget codes. This is fixed.

## ***Transmission of Data***

TOD (11002) - SearchList - The list contained TODs for which the user doesn't have permissions. This is fixed.

## ***Enabling Conditions***

EC (10940) - Enabling conditions submenus were appearing repeated. This is fixed.

## ***Declaration of Expenditure (EAGF)***

AGRI DOE EAGF (10020) - In search screen, users were getting an error when they were trying to filter the declaration the financial year (contains '2023' for instance). This is fixed.

AGRI DOA EAGF (6700) - On the list page of DOEs the Country, Current Node and Previous node columns were displayed in its language instead of the language set in the application. This is fixed.

AGRI DOE EAGF (10982) - Budget codes for 2024 allowed for DOE of 2023 when they should not. This is fixed.

AGRI DOE EAGF (10981) - T104 & T103 report - incorrect label in the cumulative column has been fixed.

## ***EC Audit Report***

EC AUD (11189) - Error opening EC Audit report is fixed.

## ***CCI Request***

CCI REQ (10984) - The view of an allocated cci-request was displaying a wrong sequence number. This is fixed.

CCI REQ (11035) - On create the maximum length of fields 'Title' and 'English title' should not count spaces.

CCI REQ (11114) – EC Users only - On allocate - CF checkbox was not displayed when expected. This is fixed.

## ***Event Registration***

SFC EVT (11013) - Wrong styles were displayed in the form 'Subscribe for events'. This is fixed.

## ***Reports***

SFC REP (11015) - New report - The 'save' button was remaining disabled unless the user modified the radio button groups. This is fixed.

## ***General***

GEN ECAS (11000) - On Ecas signature there were some requests having 404 responses. This is fixed.
