22.04.2024 – SFC2021 - New release 3.12.0

Changes

Programme IJG

PRG IJG (13906) – Changes implemented for STEP:

- New STEP flag on priority. Not a real dedicated priority (can be combined with dedicated priorities). Not for technical assistance priorities.
- New specific objectives RSO1.6 for ERDF and RSO2.9 for ERDF and CF.
- New specific objectives have no thematic enabling conditions.
- New common output indicators RCO125, RCO126 and RCO127 will appear in the programme table 2 as a target value is required. No need to link them to RCO01-RCO04.
- STEP priorities can have up to 100% co-financing.
- New intervention fields (145a, 145b, 188-193) related to STEP but not limited to STEP dedicated priorities.
- New secondary theme for ESF+ (11) not restricted to STEP dedicated priorities.
- New and Updated Validation Rules for STEP.

Programme ETC

PRG ETC (13907) – Changes implemented for STEP:

- New STEP flag on priority.
- New specific objectives RSO1.6 and RSO2.9 for ERDF, INTERREG, IPA3, NDICI and OCTP.
- New common output indicators RCO125, RCO126 and RCO127 will appear in the programme table 2 as a target value is required. No need to link them to RCO01-RCO04.
- STEP priorities can have up to 100% co-financing.
- New intervention fields (145a, 145b, 188-193) related to STEP but not limited to STEP dedicated priorities.

    −   Update and new Validation Rules for STEP.

Transmission of Data

TOD (13980) - For ESF+ SO ESO4.13 Material Deprivation in table 2 only Dimension 1 (Intervention Field) should be enabled and pre-populated with code 164, all other dimensions should be disabled..

Defects Fixed

Programme IJG

PRG IJG (14127) - Create new version - The toc item 2.1.1.2 under MD priorities and the section title were not correct. This is fixed.

PRG IJG (14128) - Non-TA priorities. Dimension tables - Tables 4 to 8 should not display the column region category when fund is CF or JTF. This is fixed.

PRG IJG (14334) - Section 2.2 TA priorities – It wasnot possible to add new TA priorities and the app blocks. This is fixed.

Programme IJG/ETC

PRG IJG/ETC (14333) - Section 2.1 Non-TA priorities – It was not possible to add new priorities. This is fixed.

Programme EMFAF

PRG EMFAF (14073) - Withdraw – It was not possible to withdraw a version in status Validated. This is fixed.

PRG EMFAF (14369) - 2.2 Technical Assistance Priorities - Priorities added within the same version could not be deleted. This is fixed.

Transmission of Data

TOD (10382) - copy paste from excel having the format (decimal & group separator) not matching between excel and SFC was causing an error. This is fixed.

TOD (14277) - Create - In table 1, calculated columns 10 and 12 values were not correct after creation. This is fixed.

Declaration of Expenditure (EAGF)

AGRI DoE (14110) - Rule DEC_410 did not raise warning for underconsumption. This is fixed.
