**NOTE FOR THE ATTENTION OF THE REPRESENTATIVES IN THE COMMITTEE OF  
AGRICULTURAL FUNDS**

**Subject: Simplification of EAFRD quarterly declarations of expenditure for the  
CAP plan– Open advances information**

This note aims to clarify the simplification made in the EAFRD quarterly declarations of expenditure for the CAP plan, particularly regarding the open advances information and the declaration of recoveries from the EAFRD for the 2014-2022 programming period.

Information on open advances is no longer required in the quarterly declarations, but only in the annual declaration. In addition, the recoveries for the EAFRD for the 2014-2022 programming period should be declared in an annex to the quarterly declaration. The annual declaration remains unchanged.

This change has been introduced in the working document on EAFRD quarterly declarations of expenditure for the CAP plan as of 1 January 2023, and in its Annex II which contains the template for the EAFRD declaration.

Should you require further clarification on this topic, please do not hesitate to send an e-mail to [AGRI-R4@ec.europa.eu](mailto:AGRI-R4@ec.europa.eu)

We remain at your disposal for any additional questions you may have.
