Subject: SFC2007 Release 1.8

Dear members of the SFC2007 Project interest group,

It is with great pleasure that, we can announce the release yesterday, 11/01/2007, of the updated version of the SFC2007 web-application which contains all the functionalities of previous versions, certain minor corrections, as well as the implementation of Transitory Declarations for EAFRD (Payment Requests).

The application is accessible for registered users only at the following web-address:

<https://webgate.ec.europa.eu/sfc2007/frontoffice>

In order to obtain access please consult the procedures listed in the information letter and in the documents located in Circa at:

http://forum.europa.eu.int/Members/irc/regio/sfc2007/library?l=/control_security&vm=detailed&sb=Title

We stress the fact that all requests for access must pass through your MS Liaison. The list of MS Liaisons, as well as the access requests forms can be found on Circa at the above mentioned link.

The web-services for this version have not been affected, and therefore there is no change to the SDK. Please see the compatibility table below to determine which SDK you should use, given different versions of SFC2007 are available on the various environments (production, testing, training, beta). The version of the SFC2007 application is displayed on the top of each screen of the web-application.

SFC2007 SDK version		SFC2007 version
1.0	works with	any 1.4 version
1.1	works with	from version 1.5

The latest version of the SDK is available at the following location:

http://forum.europa.eu.int/Members/irc/regio/sfc2007/library?l=/technical_specifications&vm=detailed&sb=Title

We hope that this new version of the SFC2007 system meets your expectations and we remain at your disposal at sfc2007-info@ec.europa.eu for any questions or comments that you may have.

The SFC2007 team
