Dear members of the SFC2007 Project interest group,

It is with great pleasure that we can announce the release yesterday, 17/04/2007, of the updated version of the SFC2007 web-application which contains all the functionalities of previous versions, certain minor corrections and change requests, as well as the implementation of Acknowledgements for NSRFs and OPs, and Payment Forecasts.

The application is accessible for registered users only at the following web-address:

<https://webgate.ec.europa.eu/sfc2007/frontoffice>

In order to obtain access please consult the procedures listed in the information letter and in the documents located in Circa at:

We stress the fact that all requests for access must pass through your MS Liaison. The list of MS Liaisons, as well as the access requests forms can be found on Circa at the above mentioned link.
