Subject: SFC2007 Release 3.2.11

Dear members of the SFC2007 Project interest group,

It is with great pleasure that we can announce the release on 20/07/2009 of the updated version of the SFC2007 application which contains:

- All the functionalities of previous versions;
- Certain minor corrections and change requests;
- Implementation of the Ergonomics2 software library which unifies the look and feel of the different applications in the European Commission. Stored files in the local cache of Internet Explorer may cause some problem with this upgrade; therefore it is recommended a clean-up of the local cache of Internet Explorer.

As a reminder, the application is accessible for registered users only at the following web-address:
https://webgate.ec.europa.eu/sfc2007/frontoffice

In order to obtain access please consult the procedures listed in the information letter and in the documents located on CIRCA at:
http://circa.europa.eu/Members/irc/regio/sfc2007/library?l=/control_security&vm=detailed&sb=Title

We stress the fact that all requests for access must pass through your MS Liaison. The list of MS Liaisons, as well as the access request forms can be found on CIRCA at the above mentioned link.

We also would like to take the opportunity to remind you that the **access requests are processed within maximum 3 workings days.** We cannot guarantee better reaction time, even though in the practice, accesses are granted faster. **In case of approaching business deadlines, users are very much encouraged to contact their MS Liaison well in advance.**

We hope that this new version of the SFC2007 system meets your expectations and we remain at your disposal at sfc2007-info@ec.europa.eu for any questions or comments that you may have.

The SFC2007 team
