New Functionalities

Changes

CAP Strategic Plan (EAGF/EAFRD)

CSP EAGF/EAFRD (1353) – Chapter 4 Elements common to several interventions has been created in the report.

CSP EAGF/EAFRD (3315) – For Sectoral interventions (except API), in chapter 5.2 the system now displays the selection of Sectoral Objectives on top and then underneath the selection of Specific Objective, Cross-Cutting Objective.

CSP EAGF/EAFRD (3376) – In 12.Planned Unit Amounts definition under section 5 the checkbox for carry-over ("Is the amount based on carried over expenditure?") has been replaced by a Yes/No radio button.

CSP EAGF/EAFRD (3380) – Section 2.3.2 has been disabled.

CSP EAGF/EAFRD (2919) – Long text encoded by the MS and displayed in tables will now be displayed trough a pop-up. For example 'Justification' and 'Comment' in context indicator table, 'Description of the need', etc.

Defects Fixed

CAP Strategic Plan (EAGF/EAFRD)

CSP EAGF/EAFRD (3363) – Some subsections (5, 6 and 7) in Chapter 5 are not refreshed correctly when switching from one intervention to another. This has been fixed.

General

GEN (3377) – The Status of an object in the Search/List page and in Version information screen was not updated correctly when changing the language. This is now fixed.
