Changes:

Rural development programme (EAFRD)

RDP EAFRD (13554) – The non-regression percentage for Hungary was changed in the validation rules.

RDP EAFRD (13550) – The validation rule 168 was adapted for the 4 UK programmes (Wales, England, Northern Ireland and Scotland) with a “non-regression threshold” of 30% (which is the % applicable to the UK programmes, according to Art 59(6)).

Implementation Report (IGJ)

IR IGJ (13523) – The formula for Table 9 was changed.

Annual Implementation Report (EAFRD)

AIR EAFRD (13553) – A new column for EURI amounts was added in the monitoring table export/ import XLS file

AIR EAFRD (13558) – The sub-sections of chapter 7 were deleted for AIR >=2019.

Defects fixed:

Implementation Report (IGJ)

IR IGJ (13559) – There was an error when the Member State tried to create an 2021 AIR for programmes that had a new REACT-EU priority axis. This is now fixed.

Annual Implementation Report (EAFRD)

AIR EAFRD (13556) – In table F, the target value 2025 (from RDP) wasn't taking into account the adjustment EURI (from RDP). This is now fixed.
