---------------	--

1. To create the Annual Control Report, go to the **AUDIT** menu and select the **ANNUAL CONTROL REPORT (IJG,ETC)** option:

2. In the search screen click on the **CREATE** button to create a new Annual Control Report:

You are redirected to the Annual Control Report Creation Wizard:

Cancel Create 4

3. Enter or select the following information:

(1) Enter the *Title*.

There can be multiple Annual Control Report versions with a different Title for an Accounting Year. Only the first working version for a specific Title and Year is created via the creation wizard.

(2) Select the *Accounting Year*.

The Annual Control Report is always referring to an Accounting Year. Creation of the Annual Control Report for an Accounting Year will only be enabled after the due date of the Final Payment Application of that Accounting Year. The Accounting Year list will therefore contain all Accounting Years with a Final Payment Application due date < current date.

(3) Select the *Source language*.

The Source language list contains all official languages of the Member States.

(4) Click on **CREATE**.

The status of the Annual Control Report is **OPEN**.

REMARK	<p>The version and work version number are automatically provided by the system on "Create new Annual Control Report". The version number is the Accounting Year, and the work version number is 0.</p> <p>On Create, when the preconditions are met, the initial Annual Control Report structure is created and a Table of Content (ToC)/Navigation Tree is presented, so the user can continue to populate the structured data of the Annual Control Report.</p>
---------------	--

Record/Edit the Annual Control Report (IJG,ETC)

REMARK	<p>The User is an identified User and has the role of MS Audit Authority with Update rights (MSAAu).</p> <p>When editing a version of the Annual Control Report, its status is OPEN, VALIDATED, READY TO SEND, RETURNED BY MS FOR MODIFICATION at the level of the Member State and currently resides on the User's Node.</p> <p>As long as no Programmes have been added to the Annual Control Report, any MS User having only one of the Fund permissions is allowed to modify the object.</p> <p>When Programme(s) have been added, the User should have Update rights on all Annual Control Report Programme relevant Funds.</p>
---------------	---
