PRE-CONDITIONS

The National Programme is **ADOPTED**.

When creating the Interim or Final Evaluation Report, it doesn't yet exist.

When editing a version of an Evaluation Report, its status is '**OPEN**', '**READY TO SEND**' or '**SENT**' at the level of the Member State and currently resides on your Node.

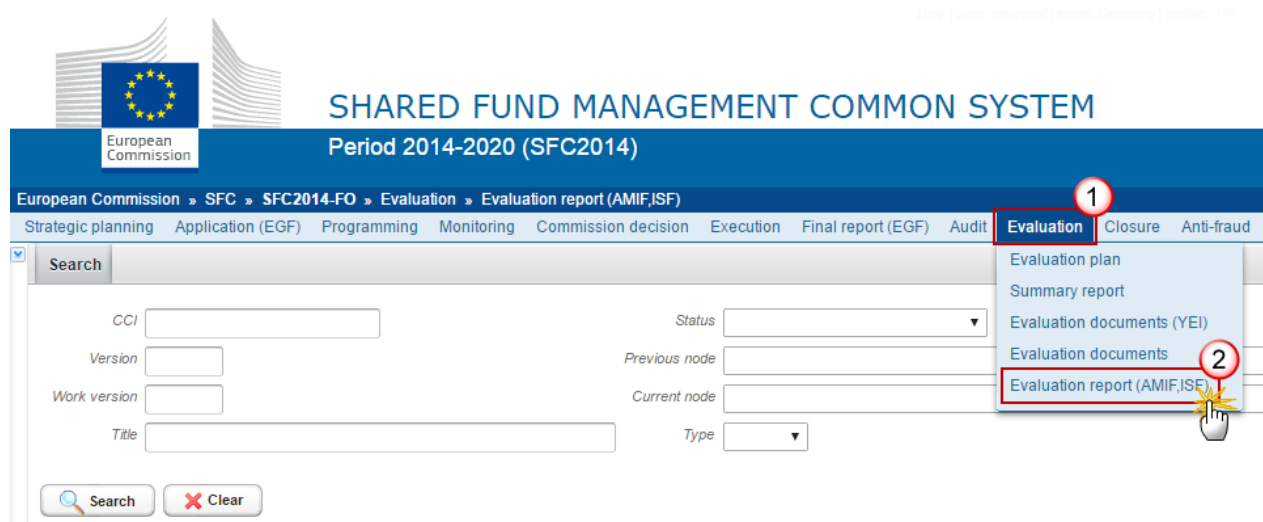

Workflow

This section shows the lifecycle to create and manage the Evaluation Report.

If the Commission rejects an Evaluation Report, it is returned and a new version has to be created and go through the whole process. There are no modifying Evaluation Reports once they have been submitted. The Commission cannot change an Evaluation Report – only respond.

<p>REMARK</p>	<p>It is a must to have the privilege to create the Evaluation Report, the user has the role of MS Responsible Authority with Update rights.</p> <p>The National Programme is 'ADOPTED'.</p> <p>In tables with year columns, for the Interim Evaluation Report only the years 2014 to 2017 will be shown. Indicator data to be provided by the Commission before the submission period

The values of a number of Indicators are coming from non-MS sources like the Commission, Eurostat, EASO, Frontex, EU-Lisa and SIS II Annual Report, EMCDDA and Europol.

The values for these Indicators will be gathered by the Commission into an Excel file and uploaded in the system by the SFC team before the start of the submission periods. When the MS creates the first version of its Evaluation Report, these values on these Indicators will be automatically provided. Where the template indicates that the MS can override these values, SFC will allow that.
